

Taras Kurilo

Web Developer / Admin / Dev Ops

Summary

- I have an insatiable drive to identify problems, proactively find solutions and build efficient work processes.

Experience

2017-10 - present

- Web Developer/ Designer**

Freelance Web Developer

- Consulted with clients to outline website goals, illustrate wire frame, and site functionality
- Developed a user-friendly architecture by programming site navigation, social media links/widgets, and organizing site content into a logical catalog
- Validated site by testing JavaScript, Flash, CSS3, and HTML5 codes to ensure cross-platform compatibility
- Performing Search Engine Optimization (SEO) and Search Engine Marketing (SEM) to increase traffic and enhance page ranking
- Deployed and supported the application code across various servers
- Maintained website by updating content, implementing new technology and monitoring performance
- Completing all the projects within budget and timeline

2012-08 - present

- Developer/Admin**

Designershopp.com

- Integrated Git with Local Environment (LAMP) to design, develop, test, implement and maintain the website
- Performed SQL injections and migrated Magento store from one server to another
- Implemented and tweaked (where necessary) third party modules
- Installed patches, updates and fixed any known bugs to improve security and performance of the website
- Redesigned existing website to improve user experience and incorporated SEO techniques thereby increasing daily traffic by 30%
- Used Python to analyze sales to select most in demand products with best ROI
- Set up cron jobs to automate tasks
- Designed custom graphics using Photoshop
- Maintained excellent customer service which yielded lower return rate and more repeat customers
- Prepared and analyzed various Financial Statements and Yearly Taxes

2010-10 - 2012-08

- Accountant**

Atlantic Plant Maintenance

- Set up my own efficient system to prepare IFTA Quarterly Fuel Tax
- Saved 20 hours a month in man hours by making the Payroll and Billing process more efficient
- Successfully collected payments for extensive aging accounts resulting in a DCSO (Days Credit Sales Outstanding) decrease of 11 days within a month.
- Maintained Spreadsheets of Payment Status & Review Trial Balance, Financial Statements, Aged, AP/AR reports
- Audit Payroll, AR, Cost and Revenue, Unbilled Cost and variety of other reports

Education

- University of Massachusetts Boston- Boston, MA**

Bachelor of Science in Management, Concentration: Accounting
